## POLICE PERSONNEL

### PART TIME OFFICERS

The Police Department currently employs five (5) Part Time Police Officers. These Officers perform the same duties as the full time Police Officers. The part time officers are a necessity for the Police Department. Thanks to the part time Officers the Village has 24 hour coverage each day of the year. A Part time officer is scheduled to work 8 hours per week in order for the Village to have the 24 hour coverage. Part time officers also fill in for the full time officers when they take vacation, sick days, training, emergency situations and assist the full time officers with the Firemen's festival.

In 2011 the Part Time Police Officers worked at total of **2894 hrs.** The Village spent **\$33281.00** in wages for the part time police officers services. Part-time officers are paid \$11.50 per hour with no benefits.

Two part-time officers are considered **permanent part-time** officers. This was necessary to replace the full time officer hours that was not replaced after resignation in July 2010. The **permanent part-time hours and days each week** are as follows:

<b>Sunday</b>	<b>Third Shift</b>	<b>11 P.M. to 07 A.M.</b>
<b>Monday</b>	<b>Third Shift</b>	<b>11 P.M. to 07 A.M.</b>

<b>Unit # 2</b>	<b>Officer Aaron Smith</b>
<b>Unit # 3</b>	<b>Officer Robert Workman</b>
<b>Unit # 4</b>	<b>Chief Dorsey</b>

Officers of the Greenwich Police Department drove a total of **31844 miles** in 2011. The vehicles are used for patrolling the Village, Court appearances and when available to and from training.

The cost for the gasoline for cruisers in 2011 was **\$11648.59**. The cruisers used **3353 gallons** of gasoline. The average cost of gasoline for 2011 was **\$3.47 per gallon**. The average mileage per gallon of gasoline totaled **10 miles per gallon**. The poor mileage is contributed to slow speeds in the village, idling while running radar, cold weather and hot weather. Officers have been instructed to turn the cruiser off if they are out of the cruiser for long periods of time to save on gasoline consumption.

Cruiser maintenance cost were up slightly in 2011 due to Unit#2 2004 Ford with over 100000 miles. Approximately \$1000.00 was for front end replacement. Steering, tie rods etc. Unit #3 also had unforeseen costs. The headlights would not stay on. A sensor located in the dash had to be replaced. The sensor was \$600.00 and the labor total \$286.00 (\$886.00) Unit #3 also had
