Mrs. Bovia updated council about the pavers and bench sales that are still available for purchase and forms are available in many locations including the Village office. Mrs. Bovia would like to make a proposal to council to purchase a bench on behalf of the Village. There is 5 benches being placed back in the park, one each representing each branch of the service.

Fire Chief Seidel wanted to express his concerns on the proposed ordinance that is up on the addenda this evening. He feels that alcohol related accidents and incidents will increase and he is there to ask council to reconsider this ordinance. Steve Smith of the fire department had questions on where the idea had come from, response from Councilman Lloyd was that residents had inquired about it no just pertaining to the actual festival itself and Councilman R. Wilson stated that residents had inquired about wine tasting events in the park. Chief Dorsey was asked if he thought it would be a good idea, chief stated that he would enforce any ordinance that council would pass but that he changed his mind on supporting alcohol at the fireman's festival and he feared it would make the Village liable for future lawsuits.
