Mayor's Report: Mayor questioned several projects including Annexation to see where it stands. This opened up a large range of answers and questions from council. T Wilson said that someone was supposed to meet with board to find out how SCHS stood on possible annexation: King's thought was to maybe meet with Superintendent of school to see how his reactions were: King felt that the Village really had nothing to offer the school to want them to be annex: Chief feels that residents are not aware that the school is in jurisdiction of County and not village, he feels that the council members are not tough enough. T. Wilson thinks that utilities should play apart in why annexation should exist. Mike King and T. Wilson will meet with Superintendent.
