Administrator’s Report: Administrator Giles wanted to give an update on the AEP Substation that is up for sale. In previous discussions the purchase price of the substation was at \$21,000.00 but recent discussions the price has went down to \$17,000.00. He has requested more maintenance records from AEP and will wait for more information at this time. Concrete has been poured and a new flag pole at the cemetery has been installed.

Chief’s Report: Chief Dorsey stated that the space capsule made it by St. Rt. 13 with no problems. An update on the traffic camera stands at Monroeville OH filing a temporary injunction to block the new laws stopping camera use. Mr. Cook who has made public records requests, concerning Greenwich’s opto-traffic camera has received everything that was requested. Mr. Cook is stating that calibrations are wrong with the camera and that he may continue on with a lawsuit against the Village, but the Village is postured in a good way because we have fulfilled all requests in a timely manner and there is documentation of the Village requesting the information from Opto-traffic immediately after the request was made by Mr. Cook. The Ohio State Patrol came down on a Sunday to inquire about the traffic camera and chief believes that OSP may be doing a study on the cameras. Chief stated that the media releases on the website is up-to-date as of today and that Thanksgiving went well but that there were a lot of EMS calls.
