

TAKE THIS SHORT SURVEY TO HELP US PROTECT YOUR DRINKING WATER

The Village of Greenwich is requesting the residents help in completing this important survey to document the material of your water service line from the water meter to just outside of your house or business. The village is asking this information to determine if there are any lead service lines in the resident's service lines and for the completion of a lead service line inventory map.

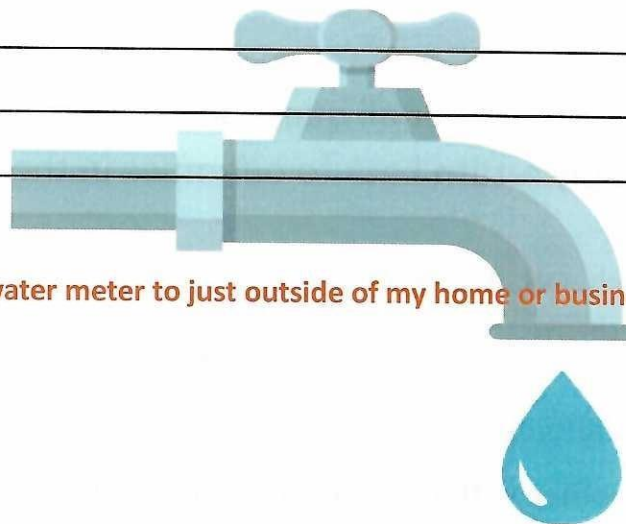

Name: _____

Address: _____

City, State, Zip: _____

Phone: _____

Email: _____

My water service line **from the water meter to just outside of my home or business** is the best described as one of the following:

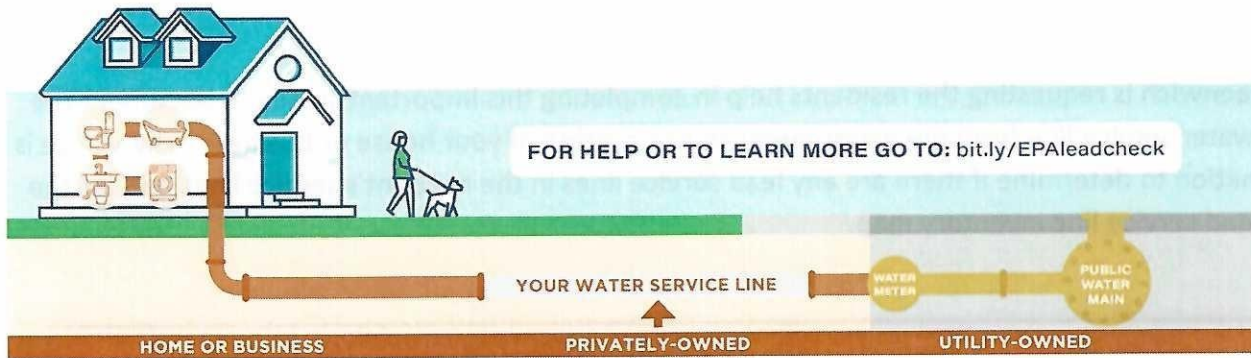

- Lead
- Galvanized steel
- Copper
- Plastic
- Other: _____
- Unknown
- I am unsure and would like someone from the Village of Greenwich to assist me in identifying the material.

I have determined my service line material as follows:

- I have observed the material and know what it is.
- I have been provided some form of documentation of the water service line material
- My best guess
- Other: _____

My house or business was built in one of the following time periods:

- Prior to 1960
- 1960 to 1987
- After 1987
- I am not sure
