Comments from the floor:

Ashley Morrow with the Huron County Board of Mental Health & Addiction came to share how they provide services for Huron County. She shared that their crisis hotline is 24/7 and it can be reached at 988. Behavioral services are available to Huron county residents which they help provide funds for. MHAS helps fund recovery housing, and they were also able to provide vehicles to their treatment providers to help eliminate barriers to access to treatment. All their services are available on their website to review. They are on the ballot in May in which they are seeking renewal with an increase. They are at the end of their 10-year levy, and it is very important they have levy funding to be able to continue to provide services for Huron county residents. They did a needs assessment in the community and reached out to providers to be able to come up with the need for additional funding. Making treatment available to residents and avoiding incarceration is much cheaper for residents and the economy. Without the levy funding they would be required to cut services they provide to.

Karen Edwards came to share that the veteran banners will be going up soon. Also, she wanted to ask everyone to please keep sharing to the public that the banners are available for purchase. She wants to be able to reach as many people as possible, so everyone has a opportunity to have their veteran displayed for the community.
