Invited Guests / Comments from floor:

Mayor Twaddle thanked everyone for coming and requested if you have minor items to bring up like a dead rat in the middle of Route 224, please call the office during the day so we can take care of it right away, this meeting is not for things like that, so if you have anything else, please let us know.

Mrs. Risner asked if there had been any conversations about the e-bike situation, mayor Twaddle said that he has been talking with Chief Fox about the issue and we are currently looking into current policies that other towns may be using, so that we don't have to come up with something from scratch, we might need to tweak it for Greenwich, but it's not something we are overlooking, she said that it needs to be done soon before someone gets killed, mayor said he agrees and he doesn't want to have to make that call if something bad does happen.

Gayle Bovia mentioned the Harvest Festival coming up on the 3rd, and she would like to propose a memorial for the Police and Fire Departments, something back where the veteran's memorial is in the park. Councilwoman Beverly wanted to make sure that the Police and Fire memorial could be combined with the veteran's, the mayor didn't think it would be a problem.

Village Administrator report:

Septic system for the new building was completed last week, just need to do the final tie in to our water system, possibly next week, painters are in along with drywallers to finish up their portion, we had an EPA inspection two weeks ago, everything passed, only thing was that something we were repairing that day was marked, I have a copy of that report if anyone needs to see it. Lift station put in the water pole this last week, should be finishing up within a month.

Fiscal Officer report:

Bank Reconciliation completed, need council signature, that is all I have today.

Police report:

We have the speed sign, and we're looking to hook up solar, if possible, it has batteries that will last approximately 10 hours before being recharged and that poses a real hassle, Administrator Bracken asked if it could be wired to direct power, but Chief Fox stated that it's intended to be moved from place to place, so that could be more work than its worth.

Solicitor:

Went over a lot of things in the Police Committee and I would like to suggest after the first reading of the vacation legislation that the framework get looked over by the Committee of the Whole.

Mayor:

Everything is going smoothly and the employees we do have are doing a very good job. I'm happy with how everyone is going.

Legislation:

Ordinance 2026-O-18 an ordinance amending section 252.03 of the Greenwich Codified Municipal Code of Ordinances regarding vacation was accepted for first reading.

Dorene Beverly made a motion to take this legislation into the next Committee of the whole meeting, Jason Hunter 2nd, 5 ayes.
